### Abnormalities:

- Bilateral penetrating keratoplasty and placement of a Molteno implant in a newborn with Peters' anomaly, Astle WF et al, 276-282
- Congenital aplasia of the iris sphincter and dilator muscles, Buys Y et al, 72-75
- Congenital trichomegaly, pigmentary degeneration of the retina and growth retardation (Oliver-McFarlane syndrome): 28-year follow-up of the first reported case, Chang TS et al, 191-193

### Abscess:

- Orbital abscess due to acute dacryocystitis, Molgat YM et al, 181-183

### Accommodation, ocular:

- Incidence of accommodative impairment following traumatic hyphema, Thériault FA et al, 263-265

### Adrenergic beta receptor blockers:

- Acute episode of asthma following topical administration of betaxolol eyedrops, Ananthanarayan CR et al, 80-81

### Adverse effect: see Drug toxicity

### Age-related macular degeneration: see Macular degeneration

### Allied health personnel:

- "The ICO cometh" [E], Addison DJ, 159-161

### Amblyopia:

- Bilateral penetrating keratoplasty and placement of a Molteno implant in a newborn with Peters' anomaly, Astle WF et al, 276-282

### Amikacin:

- Macular infarction after intravitreal injection of amikacin, Verma L et al, 241-243

### Aminoglycoside antibiotics: see Antibiotics, aminoglycoside

### Anesthesia, local:

- Effect of a topical anesthetic cream (EMLA) in reducing pain caused by infiltration of local anesthetic in eyelid surgery, Tucker N et al, 167-170

### Aniridia:

- Congenital aplasia of the iris sphincter and dilator muscles, Buys Y et al, 72-75

### Annual meetings: see Congresses

### Anterior chamber:

- La barrière hémato-aqueuse après opération de cataracte : comparaison de l'implantation dans le sac capsulaire et dans le sulcus, Orthenin-Girard P et al, 55-57

### Antibiotics:

- Clindamycin-resistant *Bacillus* endophthalmitis, Sakamoto TK et al, 339-342

### Antibiotics, aminoglycoside:

- Macular infarction after intravitreal injection of amikacin, Verma L et al, 241-243

### Antifibrinolytic agents:

- Outpatient treatment of microscopic and rim hyphemas in children with tranexamic acid, Clarke WN et al, 325-327

### Antimalarials:

- Screening for antimalarial toxicity [E], Easterbrook M, 51-54

### A-pattern strabismus: see Strabismus

### Asthma:

- Acute episode of asthma following topical administration of betaxolol eyedrops, Ananthanarayan CR et al, 80-81

### Astigmatism:

- Caractéristiques kératométriques et de l'astigmatisme des globes d'une banque d'yeux, Morrisette R et al, 65-68
- Postoperative astigmatism following phacoemulsification with sutured vs. unsutured wounds, Gimbel HV et al, 259-262

Authors' rights: see Publishing

**Bacillus:**

Clindamycin-resistant *Bacillus* endophthalmitis, Sakamoto TK et al, 339-342

Bacterial endophthalmitis: see Eye infections, bacterial

Beta blockers, adrenergic: see Adrenergic beta receptor blockers

**Betaxolol:**

Acute episode of asthma following topical administration of betaxolol eyedrops, Ananthanarayan CR et al, 80-81

**Blepharoptosis:**

Correction of blepharoptosis in oculopharyngeal muscular dystrophy: review of 91 cases, Molgat YM et al, 11-14

Oculopharyngeal muscular dystrophy [E], Codère F, 1-2

Surgical results and pathological findings in the oculopharyngeal dystrophy syndrome, Jordan DR et al, 15-18

Blood-aqueous barrier: see Anterior chamber

**Blood coagulation disorders:**

Spontaneous hyphema in an infant with Christmas disease, Ghose S et al, 40-42

Brown's syndrome: see Tendons

**Canadian Journal of Ophthalmology:**

A timely review [E], Addison DJ, 303-305

**Canadian Ophthalmological Society:**

COS returns to Montreal, Baker G, 82-87

"The ICO cometh" [E], Addison DJ, 159-161

**Carcinoma, mucoepidermoid:**

Mucoepidermoid carcinoma of the lacrimal sac: a report of two cases, with observations on the histogenesis, Fliss DM et al, 228-235

**Cataract extraction:**

La barrière hémato-aqueuse après opération de cataracte: comparaison de l'implantation dans le sac capsulaire et dans le sulcus, Othenin-Girard P et al, 55-57

Management of dislocated lens fragments following phacoemulsification surgery, Ross WH, 163-166

Management of dislocated lens fragments following phacoemulsification surgery [C], Devenyi RG, 348-349

Management of dislocated lens fragments following phacoemulsification surgery [C], Ross WH, 349

Postoperative astigmatism following phacoemulsification with sutured vs. unsutured wounds, Gimbel HV et al, 259-262

Presumed photic retinopathy after cataract surgery: an angiographic study, Gomolin JES et al, 221-224

**Cautery:**

High-frequency radio wave electrosection of full-thickness eyelid tissues, Hurwitz JJ et al, 28-31

**Cerebellar diseases:**

Congenital trichomegaly, pigmentary degeneration of the retina and growth retardation (Oliver-McFarlane syndrome): 28-year follow-up of the first reported case, Chang TS et al, 191-193

**Child:**

Bilateral penetrating keratoplasty and placement of a Molteno implant in a newborn with Peters' anomaly, Astle WF et al, 276-282

Outpatient treatment of microscopic and rim hyphemas in children with tranexamic acid, Clarke WN et al, 325-327

Chorioretinal degeneration: see Choroid diseases

See also Retinal diseases

**Choroid:**

*Pneumocystis carinii* choroidopathy and aerosolized pentamidine prophylaxis in a patient with AIDS, Lalonde L et al, 291-293

**Choroid diseases:**

Congenital trichomegaly, pigmentary degeneration of the retina and growth retardation (Oliver-McFarlane syndrome): 28-year follow-up of the first reported case, Chang TS et al, 191-193

**Christmas disease:**

Spontaneous hyphema in an infant with Christmas disease, Ghose S et al, 40-42

**Clindamycin:**

Clindamycin-resistant *Bacillus* endophthalmitis, Sakamoto TK et al, 339-342

Quadruple therapy for ocular toxoplasmosis, Lam S et al, 58-61

CME: see Education, medical, continuing

Coagulation disorders: see Blood coagulation disorders

**Condylomata acuminata:**

Inverted mucoepidermoid papilloma of the conjunctiva, Chang T et al, 184-186

Conferences: see Congresses

Congenital defects: see Abnormalities

**Congresses:**

COS returns to Montreal, Baker G, 82-87

"The ICO cometh" [E], Addison DJ, 159-161

**Conjunctiva:**

Conjunctival dirofilariasis in British Columbia, Preshaw LE et al, 343-345

**Conjunctival diseases:**

Intraepithelial neoplasia of the bulbar conjunctiva clinically presenting as diffuse papillomatosis, Khalil MK et al, 287-290

**Conjunctival intraepithelial neoplasia:**

Intraepithelial neoplasia of the bulbar conjunctiva clinically presenting as diffuse papillomatosis, Khalil MK et al, 287-290

**Conjunctival neoplasms:**

Inverted mucoepidermoid papilloma of the conjunctiva, Chang T et al, 184-186

Continuing medical education: see Education, medical, continuing

**Cornea:**

Caractéristiques kératométriques et de l'astigmatisme des

globes d'une banque d'yeux, Morrisette R et al, 65-68

Scheie's syndrome: the architecture of corneal collagen and

distribution of corneal proteoglycans, Quantock AJ et al, 266-272

**Corneal diseases:**

Bilateral penetrating keratoplasty and placement of a Molteno implant in a newborn with Peters' anomaly, Astle WF et al, 276-282

Intraepithelial neoplasia of the cornea, Khalil MK et al, 283-286

**Corneal edema:**

Pars plana vitrectomy in the management of vitreous touch syndrome, Chen JC et al, 225-227

**Corneal intraepithelial neoplasia:**

Intraepithelial neoplasia of the cornea, Khalil MK et al, 283-286

**Corneal stroma:**

Scheie's syndrome: the architecture of corneal collagen and distribution of corneal proteoglycans, Quantock AJ et al, 266-272

**Corneal transplantation:**

Bilateral penetrating keratoplasty and placement of a Molteno implant in a newborn with Peters' anomaly, Astle WF et al, 276-282

Changing risk for early transplant failure: data from the Ontario Corneal Recipient Registry, Chipman ML et al, 254-258

**Cranioopharyngioma:**

Axonal loss in band atrophy of the optic nerve in cranioopharyngioma: a quantitative analysis, Mikelberg FS et al, 69-71

**Cyclosporine:**

Cyclosporine in the treatment of nonmicrobial inflammatory ophthalmic disease [C], Lenzoff A, 90

**Dacryocystitis:**

Orbital abscess due to acute dacryocystitis, Molgat YM et al, 181-183
